(b) J. K. Hartman ltr (2287) to J. M. Kersh, Environmental Evaluations Within the Production Areas of the Rocky Flats Plant, March 2, 1992

With reference to your memorandum dated June 12, 1992, we have modified the Operable Unit 9 environmental evaluation technical memorandum, and by default all industrial area operable unit environmental evaluation work plans, to meet the substantive provisions of 50 CFR Parts 13 and 21. Specifically, subcontractors performing any collections of migratory birds will be required to possess a valid U.S. Fish and Wildlife Service permit.

If there are any questions or concerns, please contact Richard Flory on X8680, or Steve Nesta on X8605.
